## **Tournament Rules**

1. Each team has two time-outs per match
2. Games are played to 11, win by 1 (this helps us stay on time)
3. After six points, change court sides.
4. Please keep GAME ball in the Court after each match. If it becomes too warm (weather impacted) please exchange for a fresh ball. You must use tournament provided balls.
5. SLAP bracelets are provided as a courtesy for first servers for each team. Please keep them during match play and return them to the desk after the tournament event
6. Prior to each Match, the STARTING SERVER bracelet for each team must be visible to others. No attire can be the same color as the bright yellow Franklin X40 balls. You will be asked to change if anyone complains.
7. NUMBER 1 or 2: One player will hold a number behind their paddle while being seen by one opponent. The individuals who can't see the numbers, choose a number of either 1 or 2. The winners choose to either to START the SERVE or choose the SIDE.

## **Helpful suggestions**

- Review the 2025 USA Pickleball Official Rulebook prior to your first tournament and watch for ongoing rule changes. This makes it more competitive and fun. Although this is not an Officiated tournament, many of the basic rules apply.
- The winning teams are based on Total Wins of the nine games in each bracket. If there is a tie, then it is a Head-to-Head and the winner of that Match is decided.
